## Checklist for updating to PTC Mathcad Prime 8

PTC Mathcad Prime 8 delivers customer-driven enhancements to the symbolic and numeric engines, worksheet properties, the user interface, and user experience. These advancements boost productivity, allowing users to accurately solve, analyze, document, and share their most vital engineering calculations faster. To ensure your update to Mathcad Prime 8 goes smoothly, we've written a checklist with links to helpful articles and resources.

Use the checklist below to make sure that your update goes smoothly:

### Plan for Your Update to Mathcad Prime 8

- Review what's new in Mathcad Prime 8. Open the Mathcad Prime 8 Help and click What's New in the table of contents
- Note any software issues reported in your current release that are now resolved
- Schedule an optimal time for the update
- [Check software compatibility with other products](#)

### Test Before You Go Live

- [Log in to eSupport](#)
- Download Mathcad Prime 8
- Install Mathcad Prime 8. Refer to the "Installation Guide"
- Review the "Read This First"
- See what configuration options are new, deleted, and changed since the last release
- Review eSupport Portal resources
- Resolve technical issues before you go live
- Track all of your update activity

### Educate
